Universiti Teknologi Malaysia International Degree Programme (UTM-IDP) is a Bachelor Degree Programme offered by Universiti Teknologi Malaysia (UTM) for Malaysian and international students. The programme provides opportunities for the students to experience a world class teaching and learning environment. UTM-IDP offers Global Outreach Programme (GOP) to allow students to have global educational experience and enhance their academic opportunities.

As a leading Entrepreneurial Research University in Engineering, Science and Technology, UTM provides qualified and experienced academic staff and excellent facilities to create a conducive learning environment. The co-curricular activities are designed to develop the student's generic skills such as leadership, teamwork, communication and professional ethics.

Prospective students can choose the study programmes according to their interests and academic qualifications. Malaysian students can apply directly for this programme without going through UPU.
