PROGRAMME SYNOPSIS

PHYSICAL SCIENCE CONCENTRATION

This programme is designed for candidates who wish to continue their first degree in engineering and science. Students will be reinforced with basic engineering and science background, especially on Physics, Mathematics, Chemistry, and Computers. Students must fulfill the required graduating credit through coursework and laboratory work. Under physical science concentration, students may continue their study in Science, Engineering and Technology fields for their first-degree such as Mechanical Engineering, Electrical Engineering, Civil Engineering, Chemical Engineering and any other related fields offered by UTM or other institutions.

LIFE SCIENCE CONCENTRATION

This programme is designed for candidates who wish to pursue their studies in life sciences and natural sciences. Focusing on certain courses such as Biology, Chemistry, Mathematics and Computer. Students must fulfill the required graduating credit through coursework and laboratory work. After completing this programme, life science students may then continue their study in Science and Technology fields for their first-degree, such as Industrial Biology, Biology, Chemistry, and any other related fields offered by UTM or other institutions. Life Science students may as well further their study in Medical Degree upon acceptance from institutions.

SOCIAL SCIENCE CONCENTRATION

This programme is designed for candidates who wish to continue their first degree in social sciences. Students will be strengthened with basic social sciences, especially Business Mathematics, Accounting, Human Resource, Economy and Computer. Students must fulfill the required graduating credit by completing coursework and computer lab. After completing this program, social science holder may continue their study in Social Science field for their first-degree, such as Human Resource, Psychology, Management, Education, Accountancy and any other related fields.
